Get access to your funds within minutes

Automate tax filing
Automatically set aside and pay your sales tax

Sell more
Integrate your Clover POS system with one or more of the 500+ apps that work with Clover.

Extend your Clover system to do even more with best-in-class apps and integrations
Find a solution that works for every aspect of your business

Solutions for restaurants
clover + Bentobox

Clover integration with BentoBox, a marketing and commerce platform, is an all-in-one restaurant commerce engine

Restaurant websites
Stand out with a branded online experience that's easy for diners to use and restaurants to manage

Takeout and delivery
Make it easy for guests to place food orders with a commission-free online ordering experience, and optimize your operations with a direct integration to your Clover POS

Online catering
Do even more business by accepting and fulfilling larger orders in advance, with a direct integration to your Clover POS

Reservations
Keep your dining room full with a table and guest management system that's owned and controlled entirely by you

Solutions for service providers
Take advantage of the Clover App Market to best serve your customers and meet their needs

Digital loyalty
Integrate a digital rewards program that can send promotional marketing messages to customers, increasing customer spend and repeat visit

Subscriptions, Memberships and Card-on-File
Foster loyalty with your customers by offering subscriptions or memberships and generate recurring revenue, enroll customers easily, and save cards on file

Advanced invoicing
Generate estimates, invoices and send payment links synced with your Clover dashboard and inventory

Local inventory by Google
Sync your in-store products to your business profile on Google so they can stand out across Google search, maps and the shopping tab

You'll always have a friend in the business
