

# GRUNDFOS SERVICE & SOLUTIONS

## COMMISSIONING

### PUMPS AND CONTROL EQUIPMENT CHECKED IN EVERY DETAIL

During a Grundfos commissioning, we thoroughly check all aspects of your pump installation to make sure that it is ready to run. Our specialists can commission virtually any type of pump system. We check that your system and pumps are fully compatible, that all pumps are correctly installed and aligned, and that the system has been tested and is ready to go.

Your pumps will be running at peak performance and as energy-efficiently as possible, giving you maximum productivity and efficiency. Our commissioning services are always tailored to your installation and business needs, and they extend the warranty of your pumps.

### HOW YOU BENEFIT FROM A GRUNDFOS COMMISSIONING:

- ✓ You get peace of mind in the knowledge that pumps perform optimally, that parts will not wear out due to incorrect installation, and that the system and the pumps are fully compatible.
- ✓ Our commissioning specialists will work with you to ensure the service is tailored to your needs and carried out at a convenient time.

### A GRUNDFOS COMMISSIONING INVOLVES A FEW SIMPLE STEPS:

#### 1. INITIAL CONTACT SELECTION OF PRODUCT

When selecting a new pump, consider adding a Grundfos commissioning to ensure correct installation and peak performance.

#### 2. PROPOSAL QUOTE

You receive a quote with recommendations for solving the case with minimal disruptions to your operations.

#### 3. FULFILLMENT ACTIONS

Commissioning is carried out as agreed. You receive a report highlighting all areas covered and recommendations on how to keep your system running optimally.

#### 4. ASSESSMENT RESULTS PRESENTED

You receive a commissioning report.

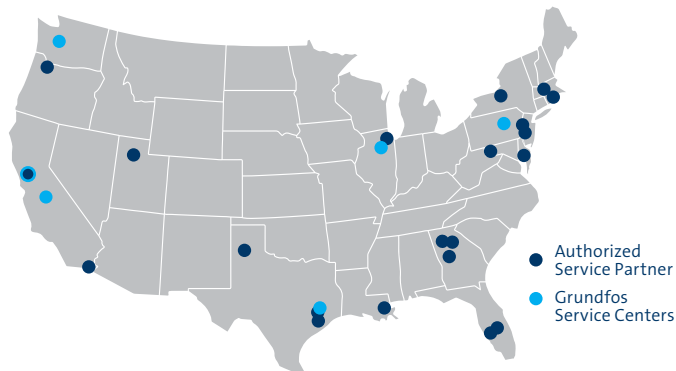

**Pump runs perfectly**

#### 5. FOLLOW-UP LEARNINGS

We follow up on the service performed to ensure optimal service delivery and satisfactory pump performance.

**Grundfos offers exceptional service through our network of factory-authorized service centers and Authorized Service Partners (ASPs). We provide service to Grundfos brand pumps, including PACO, Yeomans, Chicago, Morris and Sewer Chewer, as well as any other brand you may have.**
